BACK IN THE SUMMER OF '69

Sisters and BILs of **Chapter ME, Macomb, Illinois**, enjoyed a social celebrating the year 1969. Several came dressed with a “flower in their hair.” Guests were welcomed with a mixer game—each person had a name of a singer pinned to their shirt and was instructed to ask questions of others to get clues until they could guess the name pinned to them. A host BIL played parts of tunes and quizzed guests on memories of the recording artists, groups and songs of 1969. The BIL committee provided Italian beef sandwiches and drinks and each sister brought a salad or dessert. Everyone enjoyed the trip down memory lane.

Viability THROUGH Visibility

“Viability Through Visibility” is a concept and challenge brought up at the California State Convention in 2019 and **Chapter NR, San Diego, California**, took the challenge and ran with it. In August, they had a booth at the Hillcrest Farmer’s Market, San Diego’s largest, every Sunday. Through sales of lavender neck wraps, eye pillows, aprons and throw pillows, the chapter earned money for P.E.O. philanthropies and got the word out about P.E.O., all with an eye on Viability Through Visibility!
